

MRS. SULZER ASSUMES ALL BLAME FOR FRAWLEY COMMITTEE REVELATIONS

Governor's Wife Is Preparing Statement for Publication Today.

USES FUNDS WITHOUT SULZER'S KNOWLEDGE

Claims She Used Contributions to Invest in Stocks—Voting Strength Favoring Governor's Impeachment Appears to Lack Several Votes of Necessary Majority

LEGISLATURE IS IN SESSION UNTIL DAWN

BULLETIN.
ALBANY, N. Y., Aug. 13.—Mr. Levy still had the floor at 4 o'clock. It was reported that the majority was then waiting for another absentee from Brooklyn, on his way to Albany and that voting would be postponed until his arrival. He was expected to reach the capitol soon.

BULLETIN.
ALBANY, N. Y., Aug. 13.—Majority Leader Levy was still speaking at 3:30 o'clock. Indications were then that vote on first of a series of motions planned by Governor Sulzer's friends to precede vote on the impeachment resolution might be reached within an hour.

BULLETIN.
ALBANY, N. Y., Aug. 13.—The beginning of the end of the long session appeared to be in sight shortly after 3 o'clock when Aaron J. Levy, the majority leader, began his speech defending the resolution and urging its adoption.

BULLETIN.
ALBANY, N. Y., Aug. 13.—At 3 o'clock this morning the assembly showed no indication of taking an early vote on the Sulzer impeachment resolution.

BULLETIN.
ALBANY, N. Y., Aug. 13.—A declaration attributed to Mrs. William Sulzer wife of the governor of New York that she had used some of her husband's campaign contributions without his knowledge to invest in stock because she thought the household needed money and she alone was wholly responsible for his impeachment, was the subject early this morning of a motion in the lower house of the New York legislature, debating a resolution to impeach Governor Sulzer. It was the first test of the strength of the Democratic organization which is urging the governor's impeachment and indicated that the organization lacked three votes of the seventy six required to impeach.

Two of the men who voted against the organization, however, were said to be ready to vote for impeachment.

The motion made by Republican Leader Hyman recited that Mrs. Sulzer's declaration should be properly placed under the head of newly discovered evidence and asked for postponement of further consideration of the impeachment resolution. The motion was defeated by a vote of 73 to 49. Notwithstanding the showing of the test vote, Majority Leader Levy asserted that the organization had enough votes to impeach the governor and that he felt that it would do so before adjournment. The assembly had been in session for four hours when the motion was made. Indications were that it would not reach a vote on the impeachment resolution until dawn today.

BULLETIN.
ALBANY, N. Y., Aug. 12.—The lower house of the New York legislature met late tonight to vote upon Majority Leader Levy's resolution to impeach Governor Sulzer on charges of wilful and corrupt conduct in office and high crimes and misdemeanors.

The Democratic organization claim ed more than enough votes to adopt the resolution. Gov. Sulzer's friends made no claims.

The first roll call indicated the correctness of the organization's prediction. Eighty-five Democrats, nine more than the necessary majority—answered to their names. Another Democrat reached the chamber after roll call. Less than half a dozen of these were expected to vote against the measure.

Republican and Progressive leaders, the governor's erstwhile political foes and now his sole champions, save a corporal's guard of Independent Democrats planned a savage fight on the resolution. Indications at midnight were that the session would last all night. On the eve of the governor's probable impeachment the story was spread broadcast throughout the capitol that Mrs. Sulzer had assumed all blame for the revelations brought out by the Frawley investigating committee concerning the governor's transactions in Wall street.

Mrs. Sulzer's statement was made, according to this story to Senator Palmer. She is quoted as having told

him this afternoon, "I am wholly to blame for this whole affair."

Although the story was the property of the city tonight apparently no one can be found who would be quoted as confirming it.

Governor Sulzer referred all inquiries to Senator Palmer, who declined either to confirm or deny it. According to her friends in which Mrs. Sulzer has confided she has declared she used some of the governor's campaign contributions because she felt that the household "was in need of money."

It is reported that Mrs. Sulzer is preparing a statement for publication tomorrow in which she said to have itemized all her transactions in Wall street in which any of the governor's campaign funds were involved. The governor, it is said, knew nothing of his wife's dealings on the stock exchange until shortly before the Frawley committee began its investigation. Later when it was seen that the Frawley committee was in earnest in its investigation Mrs. Sulzer, it is declared, told the governor of her actions and volunteered to make a public statement detailing them. This Governor Sulzer emphatically refused to permit.

On the advice of Judge James Gay Gordon of Philadelphia, who was Governor's Sulzer's attorney in the Mignon Hopkins breach of promise case, and Attorney Lewis Marshall, Mrs. Sulzer, it is said, was persuaded to remain silent. Judge Gordon, it was learned today, has been a guest at the executive mansion for several days' advising both the governor and Mrs. Sulzer.

It was also said by friends of both the governor and his wife that, during the campaign, Mr. Sulzer gave Mrs. Sulzer \$900 for personal expenses. She is said to have told her confidantes that this sum was invested with others in the stock market. The governor's friends thought tonight that this would account for the \$900 payment made to Boyer, Griswold & Co., mention of which was made in the testimony before the Frawley committee.

Since his occupancy of the executive office, Governor Sulzer has declared he has been subjected to continual espionage. Spies invaded his household in New York before his inauguration, friends declared, and followed him to Albany.

Many private documents belonging both to the governor and Mrs. Sulzer have disappeared, among them being, according to Mrs. Sulzer's friends, many of which could be used in substantiation of her story concerning her alleged use of the governor's campaign funds.

**"INSURGENT" FIGHT
DOMINATES CAUCUS**

**WOULD USE WARE HOUSE RECEIPTS
AS SECURITY FOR CREDIT**

**Democrats Seek to Broaden Power
of Farmers and Cotton Raisers
For Credit With the Proposed Federal
Reserve Banks in Caucus Over
Glass Bill.**

WASHINGTON, Aug. 12.—The fight of so-called "insurgent" Democrats to broaden the power of farmers and cotton raisers to use warehouse receipts as security for credit with the proposed federal reserve banks, dominated today's caucus of the Democratic members of the house over the Glass bill.

Representatives Neeley of Kansas, Wingo of Arkansas and Eagle of Texas all advocates of the proposed extension of agricultural credits held the floor throughout the day with frequent interruptions by Representatives Glass and other supporters of the administration measure. The insurgent forces claimed to night to have secured some added strength.

Chairman Glass again defended the bill on the ground that it gave the farmer ample power to use his warehouse receipts as security for re-discountable notes, provided he wanted money for bona fide agricultural operations. The amendments demanded by the "insurgents" would make warehouse receipts specifically legal as security for re-discountable loans and the administration forces insisted that such amendments would lead to wide-spread speculation and that the warehouse receipts would pass into the hands of a few big speculators who would dominate the wheat, corn and cotton markets and manipulate prices.

A vote on the bill is not expected before the end of the week.

Republican Leader Mann has notified all absent Republican representatives to return to Washington by Aug. 15th with a view to being prepared for the introduction of the administration currency bill in the house and to attend a joint republican caucus.

GIRL TESTIFIES AGAINST DIGGS

**Crowds in Court Room Listen Expectantly to Testimony of
Marsha Warrington**

TELLS OF THE TRIP TO RENO

Witness' Story Is Halted, at Point Where the Party of Four Had Stopped off the Train at Reno, by Court's Adjournment

WILL CONCLUDE HER TESTIMONY TODAY

SAN FRANCISCO, Aug. 12.—A crowded court room sat in expectancy today while Marsha Warrington testified in the case which the government is presenting against Maury Diggs, former state architect of California, who is accused under the Mann act of transporting the girl for immoral purposes to Reno, Nev., from Sacramento, Calif., where he left a wife and babies.

Court adjourned with the story at the point where the party of four, consisting of Diggs, F. Drew Caminetti, Marsha Warrington and Lola Norris stepped off the train at Reno. The girl swore Diggs bought the railway tickets and paid for the sleeping car drawing room they occupied.

Examination preliminary to and following this point dealt with the introduction upon the scene of Lola Norris and Caminetti. The witness swore that she had left Sacramento under threats of exposure and only on promise of marriage. The narrative of the early acquaintance was traced in detail. She and Diggs had occupied the lower berth and their companions the upper berth. Tomorrow Miss Warrington will conclude her testimony and after she has been cross-examined Lola Norris will follow her.

Marsha Warrington is a strikingly pretty blonde of 20. As she walked up the aisle of the court room today it was necessary for her almost to brush Diggs' shoulder. He did not raise his head and she did not flinch.

During the hour and twenty minutes she was on the stand Diggs never took his eyes from her face. Not once did she allow her gaze to meet his and she was soon mistress of herself and the situation.

Has Known Diggs Since September.
Miss Warrington said in beginning her testimony that she was 20 years old and lived with her father and stepmother. Her mother had died when she was five years old.

"I have known Maury I. Diggs since last September, and we were very close friends," she continued. "Two weeks before we left for Reno while Drew Caminetti, Miss Norris and I were riding with Diggs in his machine, he told me that there was a scandal about to be published about the four of us and that we would have to leave town."

"On Saturday, March 8, Diggs returned from San Francisco on a business trip. He called Lola, Caminetti and me to a cafe, told us his father was coming up from Berkeley the following Monday to put Caminetti in jail and have us prosecuted. He said that he had cleaned up his business and that we would have to leave right away. We protested but after three or four hours consented to go."

"The next night we met in a cafe. Caminetti went out to get some money. We went to the railway station and while there a train for Reno was pulling out. I told Diggs I would stay in Sacramento."

"Caminetti didn't come with the money and we missed that train. Later we met Caminetti at the cafe and at mid-night went to the station again. When we got there, Diggs told us to wait where we were and he went over and bought the four tickets."

"He paid the Pullman conductor. I saw him give the railroad conductor the tickets for our trip to Reno. Miss Norris and Caminetti took the upper berth and Diggs and I had the lower."

"We arrived at Reno the next day."

MULHALL III; HOUSE LOBBY COMMITTEE FORCED TO ADJOURN

Washington, Aug. 12.—With its principal witness, Martin M. Mulhall, III, the house lobby investigating committee today was forced to adjourn until Thursday. In the meantime Mulhall, who says he has been literally worn out by the strain of continual examination before the congressional investigators, will rest under the care of a physician in an attempt to fit himself to resume his testimony. Mulhall spent about two hours on the stand today giving the details of his lobby transaction with men now in congress. During that time he complained of feeling badly and finally the committee was recessed for two-hours to allow him to rest. At the end of that time his attorney, John W. Crim, announced that his client's physician said he would not be able to continue on the stand without a rest. In a lengthy executive session the committee decided that the investigation could not proceed in an orderly way without concluding Mulhall's testimony and an adjournment was taken until Thursday.

AUTO SALESMAN FOUND MURDERED

**BODY OF HERALD SHAW OF URBANA
FOUND IN GRAVE IN DENSE THICKET**

Slain Youth Was Student at University of Illinois—Party to Whom he Was Demonstrating Auto Has Disappeared With the Car and Reward Is Offered For His Capture.

DECATUR, Ill., Aug. 12.—Thrown head first in a seven foot hole dug in a dense thicket in a patch of woods on the Penman farm south of Philo, Ill., the dead body of Herald Shaw of Urbana was found by a searching party late Tuesday afternoon. He was last seen Saturday night driving a ninety horse power Packard roadster with Duf Penman of Philo, to whom he was trying to sell the machine. Penman raced through the streets of Philo alone Sunday and has disappeared with the car.

Saturday morning at 3 o'clock Penman awoke Jess Wimmer, a ditcher of Philo, and asked for the use of his spade. He returned the spade at 6 o'clock Sunday morning.

Suspicious aroused by the disappearance of Herald Shaw from his home in Urbana led to an extended search for him today. A party filling three automobiles from Champaign and Urbana, including in the number Deputy Sheriff Evans, ex-Sheriff Peters, ex-Deputy Sheriff Robinson, County Clerk Hesse, William Shaw, father of the boy, and Isaac Hesse of Philo, who directed the party in the woods, drove to the woods on the Penman farm six miles south of Philo. Search disclosed the body buried in a hazel patch. The murder had been committed with a blunt instrument.

Shaw was a student in the University of Illinois and had been trying to sell a powerful Mercer automobile to Duf Penman. Penman was the last to see Shaw Saturday night and he has now disappeared with the car which they were driving. A card written on a typewriter and mailed in Hamilton, O., addressed to Duf Penman and signed with the dead boy's name was received in Philo Monday.

A reward of \$200 is offered for the capture of Duf Penman.

Searchers found in a lonely spot a hole begun but abandoned because of the hardness of the ground at that point.

AMERICAN FLAG WAVED IN FACE OF I. W. W. ORATOR STARTS RIOT

Four Are Seriously Shot and Three Others Less Seriously Wounded in Riot at Salt Lake City.

Salt Lake City, Utah, Aug. 12.—Four bystanders were shot seriously and three others less seriously wounded in a riot here tonight, when a special policeman waved an American flag in the face of an I. W. W. orator. Thousands of people gathered at the scene of the shooting and it was necessary to call out the fire department to disperse the crowd. None of the injured will die.

The I. W. W. orator had been talking on the street for some time and had just uttered the words: "I am not one of those who stand for this so-called law and order," when Axel Steele, a former deputy sheriff, waved a flag in his face and proclaimed his defense of the law. At the same moment several shots were fired and four bystanders fell seriously wounded while three others received minor injuries.

Chase I. W. W.'s Out of Town.
Minot, N. D., Aug. 12.—A band of fifty-nine Industrial Workers of the World was surrounded by a sheriff's posse and citizens tonight and marched out of town with instructions not to return. A number of the workers are said to have been active in the campaign to organize a union among farm hands.

Jacob Law, leader of the Industrial Workers who, with nearly 100 other persons, was arrested during the riots of the last three days, demanded that the men be permitted to remain in town and aid in the battle for free speech. His demand was ignored. It was stated that at least 200 more industrial workers would be here by tomorrow morning to take part in the campaign.

FIRST STEP IN LIND PROGRAM SUCCEEDS

President's Representative Has Meeting with Mexican Minister of Foreign Relations

OFFICIALS ARE ENCOURAGED

Administration Officials Feel That Influence of American Government for Peace Settlement Will Be Successful

FOREIGN POWERS MAY SUPPORT WILSON

WASHINGTON, Aug. 12.—News from Mexico City that John Lind, personal representative of President Wilson, and Frederico Gamboa, Mexican minister of foreign relations, had established unofficial relations today by a personal meeting, brought encouragement to administration officials here. It was felt by them that the first step in the program of the American government to throw its influence in the direction of a quiet and peaceful settlement of the revolutionary troubles had succeeded. The incident, however, it was leader from official sources tonight, will not change the procedure previously outlined to Mr. Lind before he left Washington. He will submit all his representations to Charge O'Shaughnessy, who will transmit them in accordance with the diplomatic proprieties to the Mexican minister of foreign relations. While there is nothing in Mr. Lind's instructions which would prevent him from calling on provisional President Huerta it is not regarded that he would do so unless the latter had indicated his desire to receive the unofficial envoy.

Certain international aspects of the situation here gave added interest to Mr. Lind's mission in Mexico.

It became known that Japan, which hitherto recognized the Huerta government, had practically decided not to receive Felix Diaz, special ambassador, to express thanks for the participation by Japan in Mexico's centennial a few years ago. Likewise the statement of the British government explaining that it, as well as Germany and France, had recognized the Huerta government after Ambassador Henry Lane Wilson had made a congratulatory speech to President Huerta, encouraged administration officials to believe that the foreign powers would give their moral support to the efforts of President Wilson through constitutional process to influence the restoration of peace in Mexico.

The administration has decided to keep foreign governments fully informed as to various steps taken. It is not considered likely that the note expressing the views of the United States government will be presented for several days either to the Huerta government or to foreign nations.

Issue Statement Today.
Mexico City, Aug. 12.—The government was silent today regarding the notice issued by the Japan government that General Felix Diaz would not be received as Mexico's special envoy to thank Japan for having participated in the Mexican centennial. It was said that a statement concerning the matter might be issued tomorrow.

Huerta Sends Message.
Paris, Aug. 12.—The Matin having cabled President Huerta that some anxiety had been caused by despatches received here concerning the relations between the United States and Mexico has received the following message from Mexico City.

"Anxiety over the relations of Mexico with the United States are without foundation."
(Signed)
"V. Huerta."

NEGRO ASSAULTS AND KILLS HIS EMPLOYER'S DAUGHTER

Body of Child Is Found in Ravine With Throat Cut—Possibly Is in Pursuit of Negro.

Lexington, Ky., Aug. 12.—Estell Potter, aged 13, daughter of Newton Potter, a farmer living near here, was killed by Goldie Winkfield, a negro employed at the Potter home, today, after the negro had assaulted her. The child's throat was cut from ear to ear. A posse is pursuing the negro. A lynching is feared.

The child had been attending a summer school a mile from her home. This morning Winkfield saddled her pony and sent her away. The negro, however, did not return to the house. This afternoon, when the child did not return from school, a search was instituted. Her body was found in a ravine half a mile from the Potter home. About were evidences of a terrific struggle. The child's clothes had been torn from her body and her throat severed.

Newton Potter, the girl's father, said his daughter and the negro had quarreled yesterday, when the child ordered the negro to peel some peaches. It is believed his act today was one of revenge.

Suspect Arrested.
A negro was arrested at Pittsfield, Mo., 25 miles south of Lexington, last before mid-night. A description of the negro was telephoned by the Pittsfield authorities to Sheriff Waddell who said he believed the suspect to be Winkfield.

FEDERATION ADOPTS MANY RESOLUTIONS

**CATHOLIC SOCIETIES DENOUNCE
ACTION OF MINE OWNERS**

Delegates Send Protest to Mrs. Phoebe A. Hearst Protesting Against Conditions in Lead—White Slave Traffic and Divorce Evil Is Condemned.

MILWAUKEE, Wis., Aug. 12.—Socialism, immoral dances, anti-Catholic press reports and the action of mine owners in Lead, S. D., were scored today in the adoption of resolutions by the American Federation of Catholic societies. Delegates voted unanimously to telegraph Mrs. Phoebe A. Hearst, of Pleasanton, Cal., mother of William Randolph Hearst, as chief owner of certain mining properties in Lead and mine officials emphatically protesting against conditions in Lead, which the federation asserts impedes the work of religion and which exiled Bishop Joseph F. Busch from the See City of his diocese. In a speech yesterday Bishop Busch said the miners were not allowed the benefits of Sunday rest and that when he protested to Mrs. Hearst and other mining owners he was subjected to such criticism that he was forced to leave the seat of his diocese.

Protest was voiced when a committee recommended the good work of publications such as the Common Cause, Live Issue, Central Blatt and Social Justice, published in the interest of true social reform.

This provoked objections from publishers, editors and friends of various other periodicals. After a spirited debate the resolution was adopted by a narrow margin.

The convention decided to petition the president and congress that the United States make a vigorous protest against the desecration of the church properties in Portugal. The report of the social section of the resolution committee favored unions so long as they did not mix in politics.

Juvenile courts, laymen's retreat movement and a training school for federation secretaries met with the approval of the convention. The will were condemned.

Graduation exercises of public schools and denominational churches were scored in the report of the educational committee. The resolutions proclaimed the right of the Catholic child to a Catholic education and warned parents to give their charges a thorough education. An appeal for state aid of Catholic schools was voiced in resolutions, as was the maintenance of Catholic books and literature in public libraries.

The information of a National Catholic Women's League, after a strenuous campaign of two years and after almost being a reality was given a sudden blow here today when it was reported behind closed doors that the women delegates voted not to form a league but to remain members of the American Federation of Catholic societies an organization which embodies both men and women.

The decision of the women, it is said, was the result of a stormy session in which the vote was close. Archbishop Messmer, decree that women suffrage must not be discussed in the meetings is said to be the chief reason for the split in the movement of the women.

CHICAGO DEPUTY SMOKE INSPECTORS HAD EASY LIFE

According to Testimony Introduced at Hearing the Inspectors Lived in Building Owned by I. C. R. R.

Chicago, Aug. 12.—Deputy smoke inspectors, nine of whom were recently removed from the city's payroll, used to be made comfortable in a subterranean suite of rooms in a building owned by the Illinois Central railroad, according to testimony given before the civil commission in the hearing of the ousted inspectors today.

Robert Schmidt, engineer of the building, testified that he had cooked meals for the inspectors, played cards with them and listened to their stories of receiving hams, neckties, shoes and other merchandise from concerns in the city.

John Scott, superintendent of A. P. Callahan & Co., testified that Deputy Dennis Sullivan and P. J. Welsh wanted \$5 a month to let the firm alone. Three or four days after it was refused we got a smoke notice, he said, "and we got them often after that, even one day when there was no fire in the boiler."

SAVS TOBACCO TRUST GREATER THAN EVER

Senator Hitchcock Asserts Trust Is Stronger Than Before Being "Dissolved" by the Court

WILL URGE HIS AMENDMENT

Nebraskan Senator Will Press His Amendment to Tariff Bill for Graduated Income Tax On Tobacco Production

DEBATE AGRICULTURAL SCHEDULE

WASHINGTON, Aug. 12.—That the tobacco trust, instead of being dissolved by the decree of the supreme court of the United States, has increased its monopolistic control of tobacco manufactures, was asserted in the senate today by Senator Hitchcock of Nebraska in discussing the tobacco schedule of the tariff bill. Announcing that he intended later to press his amendment to the tariff bill which would place a graduated income tax on tobacco production, Senator Hitchcock, who bolted the Democratic party caucus on the tariff, said he intended also to discuss the propriety of that caucus in restraining its members from supporting his amendment.

"I propose to show," the senator said, "that four great concerns, divided by the decree of the supreme court now owned by the same stockholders and operating in close accord, exercise a greater monopoly in tobacco trade than ever before."

Reading from statistics furnished by the secretary of the treasury he declared that these four concerns manufactured last year 71 3-5 per cent of all tobacco manufactured in the United States. "If the United States senate is in earnest," he added, "it ought not to permit any rule of a party caucus to restrain a senator from voting for a measure that would put a stop to defiance of a judicial decree and restore a condition of competition in the world in tobacco manufactures."

Agricultural Schedule.
The tobacco schedule was approved by the senate without amendment, the metal schedule was completed with exception of some paragraphs and the sugar schedule was passed over because of the illness of Senator Ransdell of Louisiana. Then debate began on the agriculture schedule one of the sections most vigorously assailed by the senators of the minority.

Senator Gronna of North Dakota proposed in lieu of free listing cattle a rate of \$1.50 a head of cattle, less than a year old; \$3 a head on cattle valued at not more than \$14 and 20 per cent ad valorem on cattle valued at more than \$14. The committee amendment free listing cattle was sustained 38 to 31. Thornton of Louisiana voting with the Republicans against the amendment. This was the first time a Democrat had voted against the party amendments. All the progressive Republicans voted against free cattle.

Senator Gronna sought to increase the rate on horses and mules but this was rejected 32 to 40, Senator Thornton still voting with the minority.

Senator Catron of New Mexico opposed free sheep offering an amendment which was rejected.

Senator Thornton, voting with the Republicans, again indicated that he would oppose the entire agricultural schedule.

An amendment by Senator Gronna to put buckwheat on the dutiable list at 15 cents a bushel and buckwheat flour at 50 cents a hundred pounds also was rejected 31 to 39. Another amendment to put a tariff of \$3 a ton on broom corn met a similar fate.

CAR SHORTAGE IMPENDING.
St. Louis, Aug. 12.—Twenty-two railroads of the southwest have issued warning of an impending car shortage it became known here today. The chief reason assigned for the threatened lack of hauling facilities is the failure of roads to order new rolling stock for the current year.

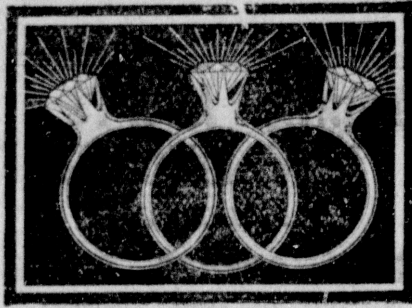

SPARKS FROM THE WIRE

ST. JOSEPH, Mo., Aug. 13.—Fire of unknown origin which for a time threatened to destroy an entire block of business buildings was controlled after property valued at \$60,000 had been destroyed here early this morning.

SPRINGFIELD, Ill., Aug. 12.—A combined loss of \$1,035,780, in buildings and contents was Illinois' toll last month from fires, according to figures reported by the state fire marshal. The fires numbered 735, of which 248 were in Chicago. The aggregate loss was much more than covered by insurance.

NEW YORK, Aug. 13.—The name of Henry Morgenthau of New York will be sent to the senate this week by President Wilson, naming him for ambassador to Turkey, according to the Times this morning. This is taken to mean that Mr. Morgenthau, who has been offered an ambassadorship by the president, had finally consented to accept a place.

At a meeting of the Booster club held in the headquarters of the Chamber of Commerce Tuesday evening every member present pledged to do all he could to aid in making the parade, which will open the chautauqua on Friday of next week a success. The boosters will make an effort to get the people to decorate their automobiles for the parade and to that end a committee composed of E. V. Peterson, J. The parade is to be held at 9:30 o'clock on the morning of Friday, August 22, and will be composed mostly of children from the seventy-two Sunday schools of the county. Concord has already promised to have fifteen automobiles in the parade and the Morgan County Sunday School association will offer prizes for the best decorated floats. The secretary of the Chamber of Commerce has written letters asking the co-operation of all of the fraternal and other organizations in the county in the parade and it is understood that an effort will be made to have Co. LOGUE MURDER SUSPECTS HELD IN SOLITARY CONFINEMENT

Police Hope to Get Track of "Handsome Jack" Koettters, Wanted for the Murder of Mrs. Emma Kraft.

Chicago, Aug. 12.—John Faith, confessed accomplice in the murder of Joseph H. Logue here last December and Harold F. Schneider, accused by Faith of doing the killing, were held in solitary confinement by the police today, while a general round-up of persons who might identify the men was in progress. A man and woman were arrested in connection with the murder, but their identity was kept secret.

The woman under arrest is thought to be an important witness. Through the arrest of Schneider the police have hopes of getting on the trail of "Handsome Jack" Koettters of Cincinnati, Ohio, who has been sought since the murder of Mrs. Emma Kraft at a hotel here last winter. The police have learned that Schneider and Koettters were close companions and believe the men have communicated with each other ever since the disappearance of Koettters after the Kraft murder. Schneider tonight intimated that if he could have an attorney he would make a statement, but the police hope to gain a confession from him before he can have the advantage of legal aid.

GREAT PARADE OPENS THE TRIENNIAL CONCLAVE IN DENVER

Thousands of Knights Templar Appear in Parade—Los Angeles May Get Next Conclave.

Denver, Colo., Aug. 12.—Thousands of Knights Templar appeared today in the parade which officially opened the thirty-second triennial conclave. Three hours elapsed before the Hosts of Christ had filed past their templar ruler, Most Eminent Sir William Bromwell Melish, grand master of the grand encampment K. T., U. S. A.

Seated in the reviewing stand with the officers of the grand encampment were the officers of the sovereign Great Priory K. T., of Canada. The arrival of the grand encampment officers and their distinguished visitors from the Great Priory ended the parade's division.

After the parade the canvass of candidates for senior and junior warden, to be filled at this conclave, began. It is generally conceded tonight that Leonidas Newby of Knightstown, Ind., will be chosen senior grand warden as he is the only Los Angeles candidate for the office. That Los Angeles will secure the next conclave was the general prediction.

CHICAGO GRAIN BROKER IN FINANCIAL DIFFICULTIES

Receiver is Appointed For Property of Francis G. Porter—Kennil in Hands of Federal Receiver.

Chicago, Aug. 12.—Reports that Francis G. Porter of Smart, Porter & Co., grain and provision brokers, is in financial difficulties as a result of deals of which his business partner had no knowledge, were circulated tonight following the appointment today of a receiver for Porter's property. Porter's house at Deerfield, Ill., and his kennil, reputed to be among the best in the United States, are in the hands of the federal receiver. Attorney James A. Taylor was named receiver.

Porter's financial difficulties, it is said, were discovered several weeks ago by his partner, who took steps to dissolve the partnership. Their stock exchange membership has been posted for sale.

Porter is a son-in-law of T. Y. Hyman, secretary of the Illinois Steel company.

"There is nothing wrong with the affairs of the firm," said Attorney Julius Moses, representing the firm. "It is Porter's personal affairs that are involved. It seems that he has executed receipts for securities in the name of the firm and without the knowledge of his partner. All the deals have been transferred to other dealers and customers of the firm will lose nothing."

COURT ORDERS PASTOR TO SUPPORT WIFE AND CHILDREN

Chicago Clergyman Must Contribute \$35 a Month to Support of His Family.

Chicago, Aug. 12.—The Rev. Paul Jordan Smith, pastor of Chicago Lawn Congregational church, was today ordered to contribute \$35 a month toward the support of his wife and three children. Mrs. Smith, who caused the arrest of her husband on charges of non-support declared her husband had repudiated her as a drag on his aspirations and told her she had prevented him rising in his profession.

"I was too young to know my own mind when I was married," the minister said. "I was only 19 and should have waited several years."

The custody of the children was awarded Mrs. Smith.

ABANDON INTENTIONS TO DEMAND REVISION.

Vienna, Aug. 12.—It is said that, finding no support from the other powers, both Russia and Austria have abandoned their intentions to demand a revision of the Bucharest treaty. It is rumored that this change in policy, which is attributed to the German emperor's influence to the refusal of France to support Russia, will involve the fall of Count Leopold Von Viretold, the Austrian foreign minister.

Hooray! Baby To Rule the House

No Longer Do Women Fear The Great-
est of All Human Blessings.

It is a joy and comfort to know that those much-talked-of pains and other distresses that are said to precede child-bearing may easily be avoided. No woman need fear the slightest discomfort if she will fortify herself with the well-known and time-honored remedy, "Mother's Friend."

This is a most grateful, penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. They naturally expand without the slightest strain, and thus not only banish all tendency to nervous twitching spells, but there is an entire freedom from nausea, discomfort, sleeplessness and dread that so often leave their impress upon the babe.

The occasion is therefore one of unbounded, joyful anticipation, and too much stress can not be laid upon the remarkable influence which a mother's happy, pre-natal disposition has upon the health and fortunes of the generation to come.

Mother's Friend is recommended only for the relief and comfort of expectant mothers, thousands of whom have used and recommend it. You will find it on sale at all drug stores at \$1.00 a bottle. Write to-day to the Bradford Regulator Co., 130 Lamar Bldg., Atlanta, Ga., for a most instructive book on this greatest of all subjects, motherhood.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

WATERY BLISTERS ON CHILD'S FACE

Kept Scratching Until Cheeks Fiery
Red, Skin Cracked and Scaly,
Itched and Burned. Used Cuti-
cure Soap and Ointment. No
Return of Trouble.

Smithville, Ind. — "Six months ago our baby girl, one year old, had a few red pimples come on her face which gradually spread causing her face to become very irritated and a fiery red color. The pimples on the child's face were at first small watery blisters just a small blotch on the skin. She kept scratching at this until in a few days her whole cheeks were fiery red color and instead of the little blisters the skin was cracked and scaly looking and seemed to itch and burn very much.

"We used a number of remedies which seemed to give relief for a short time then leave her face worse than ever. Finally we got a cake of Cuticura Soap and a box of Cuticura Ointment. I washed the child's face with very warm water and Cuticura Soap, then applied the Cuticura Ointment very lightly. After doing this about three times a day the itching and burning seemed entirely gone in two days' time. Inside of two weeks' time her face seemed well. That was eight months ago and there has been no return of the trouble." (Signed) Mrs. A. K. Wooden, Nov. 4, 1912.

Cuticura Soap and Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them. Sold by dealers throughout the world. Liberal sample of each mailed free, with 32-p. book on the skin and scalp. Address postcard "Cuticura, Dept. T, Boston."

"Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp."

NEW MATERIAL IN WOMAN'S COLLEGE FACULTY THIS YEAR

Announcement Made of Additions
to Corps of Instructors—Miss
Amy Mothershead to Be Dean of
Faculty.

Official announcement has just been made regarding the appointment of the new members of the faculty of Illinois Woman's college. There were but few changes in the College of Liberal Arts. President Harker and the faculty committee have been very careful in the selection of those who were to fill the responsible positions.

Chief interest centers in the appointment of the dean. Miss Amy M. Mothershead has been appointed to this position. She has her degree from Wellesley college, has studied at the University of Heidelberg, Germany, Columbia university in New York City and the University of Chicago, doing post-graduate work along the line of her specialty, that being philosophy. She will be in charge of this department at the college and it is her plan to make this one of the strongest departments of the school. In addition to the thorough training which she has had, Miss Mothershead was dean of two prominent secondary schools in the east: Miss Sparks' school at Morristown, N. J., and Miss Knox's school at Tarrytown, N. Y. She spent two years as dean at the Chicago university girls' school and one year as dean at Stanley Hall, Minneapolis.

Owing to the rapid strides which the college is making great care has been taken in the selection of new material that will be of help in the position which the college now occupies.

In the appointment of the head of the English department, Miss Clara Baker was elected to this position. She is a graduate of Cornell college and has her master's degree from the University of Iowa. This last year she has been dean of women at Cazenovia seminary, Cazenovia, N. Y., and has established the record of being the best head of the English department that was ever at this school.

Miss Helen A. Parsons, who takes the work in French, has had very careful training. She received her Bachelor's degree at the Ohio Wesleyan, Delaware, Ohio, and then spent a year of residence study in Paris perfecting herself along the line of her chosen profession. Miss Bernice, Ireland, who takes a position in the academy to teach German and Mathematics, received her education at the University of Indiana and has done some additional study. In the special departments mention has already been made of Miss Allie Goodrick's appointment to the position of instructor in public school music. Miss Goodrick's thorough preparation along this line is well known and she will add force to the work of the department. Miss Parsons, who becomes the director of the School of Expression, is well known in Jacksonville and has had great success in her work the past year. Her assistant will be Miss Helen J. Allen, who graduated from Elmira college, Elmira, New York, with her A. B. degree and later finished at the Greeley Dramatic school in Boston.

The position of director of the school of home economics has been filled by the appointment of Miss Florence H. Churton, a graduate of Pratt Institute, Brooklyn, and one who has had wide experience in this line of work. She comes to the Woman's college from the State College of Agriculture at Morrisville, N. Y., where she has had entire charge of the department of Home Economics for the past few years. Her assistant is Miss Bettina Leicht, who is a graduate of the Bachelor of Science course from the New York State Normal college. She has had

considerable experience in normal school work in New York state and will be of great help in the work of the department. Miss Josephine Ross, because of her high standing, has been retained to act as instructor in the home economics department.

NOTICE TO SWELLHEAD AUTO DRIVERS.

On the 9th of August, at 8:30 or 9 o'clock I was coming home from Jacksonville and was north of John Carnes farm on a sixty-foot roadway. I met some one in an auto. I was on the west side of the road and as he was coming north he should have been on the east side of the road. Instead he came on my side and I was crowded into the ditch to keep from crippling my horse. I can prove this statement, that the same thing happened at the same place just three weeks before. Hereafter I will be prepared and the next fellow that tries to kill me I will blow him into eternity. The law says kill before being killed. I drive a sorrel mare so there will be trouble about recognizing me. Just try this game again and see what happens. I will be ready for you next Saturday.

CHARLTON'S LAST DAY IN JERSEY JAIL.

Jersey City, N. J., Aug. 12.—Porter Charlton, charged with the murder of his wife 3 years ago at Lake Como, Italy, is expected to end his long stay in the Hudson county jail here tonight. Unless there is a change in the plan he will sail tomorrow for Italy to stand trial for the crime of which he is accused. The famous prisoner will make the trip in company with two police officers sent over by the Italian government. Whether his father, Paul Charlton, formerly United States judge in Porto Rico, is to sail on the same steamer has not been made known. It is known, however, that Judge Charlton intends to be on hand when his son's trial begins.

During his stay of more than three years in the Hudson county jail young Charlton has won the friendship of all of the jail officials and he undoubtedly will have their best wishes when he departs for his trial on the other side. During the long period of his confinement he has been granted every privilege the regulations would allow. Most of his time has been spent in reading newspapers and novels and smoking cigars. During the past year he has done much writing. He has been visited regularly by his father, brother and other members of his family. Despite his long time in prison, Charlton is in good health and is said to weigh considerably more than when he was arrested on June 22, 1910, as he stepped ashore from the North German Lloyd liner Prinzess Irene.

CALIFORNIA RED MEN MEET.

Watsonville, Calif., Aug. 12.—Nearly three hundred warriors, braves and chiefs were in attendance here today, when the council fire in the long house of the council of the Improved Order of Red Men of California was kindled and the state convention of the order was formally opened by Great Sachem C. R. Winfield of Petaluma. The council will remain in session until Saturday and the woman branch of the order, known as the Degree of Pocahontas, will hold its annual council at the same time. A great deal of important business is to be transacted and the delegates to the great council of the United States, which will meet this year in Washington, D. C., will be instructed to make every effort to bring the next great council meeting to San Francisco. The California branch of the prosperous order now numbers about 17,000 members distributed in 150 tribes.

The headquarters of the council are located at the Appleton hotel and the meetings are held at the auditorium. The local members of the order and the citizens in general have arranged an interesting program for the entertainment of the visiting Red men, including a clambake, trolley rides and automobile trips, a ball, a parade and a baseball game.

MANY GOVERNORS TO VISIT KEOKUK.

It is practically assured that twenty governors of states east of the Mississippi river will stop off at Keokuk August 25, to view the water power development there, enroute to the governors' conference at Colorado Springs.

The western conference opens on the 6th, the day set for the official opening of the water power, and for that reason most of the governors could not arrange to stay over a day at Keokuk. Arrangements were made, however, to open the works for the inspection of the party a day early.

Governors of Iowa, Illinois, and Missouri will probably be in Keokuk during the entire three days of the Mississippi Valley power boat races. The first day will be devoted to the dedication of the water power, with races of power boats as an added feature. The 27th and 28th will see the conclusion of the races, while the balance of the week will be devoted to the continuance of the celebration by the commercial interests of Keokuk and Hamilton.

GUARDING THE CZARWITCH.

St. Petersburg, Aug. 12.—The little Grand Duke Alexis, the only son of the czar and heir to the throne of Russia, entered upon his tenth year today, having been born at Peterhof, August 12, 1904. In celebration of the anniversary flags were displayed everywhere today and the usual salutes were fired at all the naval and military stations throughout the empire.

It is safe to assert that no other boy in the world is guarded so assiduously against lurking perils as is the Grand Duke Alexis. Recent rumors of renewed activity on the part of the nihilists and terrorists have caused increased precautions to be taken for the safety of the imperial heir.

From the moment that he arises in the morning until he retires at night his every movement is watched by trusted soldiers. His bodyguard, composed of fifty of the most loyal and trusted Cossacks, remains with him at all times. In the school room, in the play room and in all other chambers of the palace frequented by the grand duke the soldiers are to be seen standing like statues. When the boy is taken into the great garden to romp and play, the gates are guarded by sentinels and none may enter without the password.

CUBS LOSE DOUBLE HEADER TO BOSTON

HEAVY HITTING OF THE BRAVES DEFEATS CHICAGO.

Boston Wins First Contest By Battering Rally in the Fifth and Sixth Innings By 7 to 4 Score and Captures Second Contest 9 to 3.

Boston, Aug. 12.—Heavy hitting in both ends of a double header with Chicago gave Boston two victories today, 7 to 4 and 9 to 3.

After the visitors had taken a three-run lead in the first game battering rallies by the locals in the fifth and sixth innings netted seven runs and clinched the game.

Boston batsmen continued the slugging in the second and drove Stack from the box after four innings in which nine hits were made off his delivery.

SOME OFF-SIDE CHUTES

Christopher Mathewson, the

Giants' premier hurler, celebrated his 35th birthday yesterday. He was born in Factoryville, Penn., August 12, 1878. "Big Six" has been in professional ball fifteen years, starting with a team at Honesdale, Penn., in 1898. He has been with New York since 1900, and at the present day continues his wonderful control, a gift which has made him one of the leading pitchers of all time.

Josh Devore again has been shunted. It is but a few weeks since he figured in a deal which sent him from New York to Cincinnati. When Jimmy Sheppard joined the ex-Cub colony in Garry Herman's ballclub there was no room for Josh, and Monday he was sold to Philadelphia, and immediately left to join the Quakers, with whom he believes he will have a better chance to fight the Giants, who discarded him.

Bonesetter Reese, the Youngstown, Ohio, wizard, states that the strained ligament in Ed Walsh's right shoulder can easily be cured. There is much rejoicing in the neighborhood of Comiskey park, Chicago, over the cheerful news.

Fred Kommers, picked up in the Three Eye by Pittsburgh a few weeks ago, has been farmed to Columbus, Ohio, the acquisition of Mike Mitchell crowding him out of the Pirate lineup.

In the City of Brotherly Love on Monday Umpire Connolly permitted a flagrant rupture of the rules when he allowed five outsiders to occupy the Philadelphia players' bench during the entire game. They started tantrums from the beginning of play, and in the seventh signalled the grand stand and the bleachers to follow them in their mad riot of catcalls hurled at White Sox players.

Connolly was adamant to appeals from Callahan's aids, and seemed

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-

TICE TO SPEAK IN PEKIN.

Representative Homer J. Tice of Greenview, father of the new road bill, has been invited by the board of supervisors of Tazewell county to deliver an address in the court house square, at Pekin, on September 9, at 2 o'clock. Mr. Tice will speak on the effect and operation of his road bill, and will explain the provisions of the measure, which has aroused so much discussion.

The family in a group photograph—before they have left the old fireside and gone out into the big world—ever think of it? Nothing preserves the home atmosphere and home memories like a group picture with father and mother in the center.

LITERBERRY.

The most elaborate affair in the way of social entertainment was pulled off last Thursday night at the commodious residence of M. M. Crum on East Capitol street. Mr. Ben Litter (known all over the county at Ben Todd) being the host. Mr. Litter is one of the useful men in the community and has made a reputation that will stand any test. He has run such machinery as threshing machines, clover hullers and corn shellers for years, and by doing the right thing with his patrons has become indispensable in the immediate neighborhood, and has built up a reputation by his kind and industrious ways. "Ben Todd" did not get the idea in his head that people should look up to him because he worked for them, but looked at the matter in a philosophical way, feeling toward his patrons. He felt like doing something to show his appreciation of their respect to him and decided to make a social spread, and to make the thing convenient for all parties, he made his headquarters at M. M. Crum's instead of his own place. Ice cream, fine candy, iced tea and other good things were purchased in good quantities and tastily arranged; some of the ladies brought a number of fine cakes, which were appreciated by all present. About two hundred people congregated at the Crum mansion; old, young, middle aged and children, and proceeded to have the time of their lives, for there was more than a plenty. One man informed us this was the only time he ever knew children to refuse ice cream and candy; when insisted on to have more they would hang their heads in a mournful way and say: "I can't eat another bite and my pockets are full." Cigars followed and the feast was complete. "Ben Todd" received, in a white shirt and store clothes, with a beaming smile on his honest face that made all feel welcome. Our wise people say that "Ben Todd" is about to throw himself on the matrimonial market, and the spread is a forerunner of something more substantial. If this is true, we advise our girls and widows to set their caps in the most fascinating style, for the prize is well worth the most elaborate and painstaking labor and expense.

Mrs. Ona Crum entertained the Ladies' Aid of the Baptist church last Thursday at the church. Quite a good number were present and an interesting program was rendered. Mrs. Durrell Crum favored the company with some choice piano selections. Refreshments were served in the basement.

Mrs. A. G. Lind, at her beautiful suburban home, south of Arcadia, was hostess to the M. E. society of Litterberry Friday afternoon. About 30 ladies responded to the roll call and a good program, with a two course refreshments, were the features of the afternoon. Mrs. Earl Underbrink received a beautiful piece of china as a prize in the guessing contest.

Our Baptist minister, Rev. Mr. Dickman, of Carrollton, Ill., preached a very fine sermon Sunday morning from the text: "Behold I send an angel before thee, to keep thee in the right way, and to bring thee to the place which I have prepared." Also, "I will send hornets before thee, which shall drive out the Hivites, the Canaanites, and the Hittites, from before thee." The minister made a point by proving that the hornets represented the good feelings in the hearts of men, which were continually stinging the bad, or wicked feelings, to drive them out and make mankind to prefer to be led by an angel rather than to be stung by hornets.

We do not want to be grouchy or fault finding, or accused of poking our fingers into other people's pies, but we do wonder how so many good people can absent themselves from church when there are so many good sermons preached right in our midst; and the Sunday school, why not attend it. Perhaps some people imagine the Sunday school is only intended for very young children; if so, they are making the biggest mistake of their lives. The Sunday schools are the big good things of our land, and the oldest inhabitants can learn much by attending them. We have two good ones at Litterberry every Sunday morning. Come out and see for yourselves.

CHURCHES HOLD SUCCESSFUL SUPPERS TUESDAY EVENING

Events at Point Church and Alexander Attended by Large Crowds—Good Sums Realized at Both Places.

Suppers that were attended by hundreds of people Tuesday evening were held at the Point Methodist church, west of the city, and in the public park at Alexander, given by the members of the Church of the Visitation.

The supper at Point church was given by the Point Aid society, this being the first event of the kind attempted by this society, as it was just organized last April. If the success of the work of the organization is to be judged from the success which attended their first effort, the future of the society is indeed bright. While the people did not serve a regular supper, they had loads of good things to eat, including ham and chicken salads, pies, cake, ice cream, ice tea and any number of other edibles, which they served a la carte. The supper was attended by hundreds of people and the society realized quite a neat sum from the venture. Mrs. Fred Tondick is president of the organization and she and all of the members of the society contributed in making the affair a success.

Alexander Chicken Fry.
In the public park at Alexander the members of the Church of the Visitation of that place gave their annual chicken fry, which was attended by hundreds of people. In the afternoon an art of the program was a game of baseball between the Alexander and Pisgah teams, which resulted in a victory for the Pisgah team by a score of 18 to 7. Pisgah led off with three runs in the first inning and the Alexander team tied most of its runs in the middle of the contest. Davenport allowed the Alexander team but a few hits in the first part of the game and did not allow a safety after the fifth inning. The line-ups were: Alexander, Kumble, 1b; S. Davenport, 2b; F. Colwell, p; M. Hohmann, 3b; Johnson, ss; J. Colwell, cf; Young, c; Weigand, rf; P. Hohmann, lf.

Pisgah: Curry, 1b; A. Davenport, p; L. Wood, c; E. Pyatt, ss; J. Pyatt, 3b; Davis, lf; Kolp, 2b; O. Wood, cf; Moore, rf.
Two hundred chickens had been prepared by the church people, together with a large number of other good things which go to make up a good chicken supper, and it was estimated that between five and six hundred people were served. In addition to the supper ice cream and cake were served and there was a fish pond and a prize table. The managers of the supper were Michael Wiegand, John Luby and Joseph Ritter and they were assisted by a number of other committees in making the supper a success.

TELLS MERITS OF TARVIA FOR STREET PAVEMENTS

Walter Loneragan Declares it Superior to Brick or Asphalt and That the First Cost is Considerably Less.

Some property owners of S. Clay avenue, among them William McNamara, are agitating the question of paving that thoroughfare south from Morton avenue. In connection with the project there is some interest in Tarvia as a paving material. Tarvia is patent preparation which has been in use for the past eleven or twelve years and it is said to make a pavement which costs less than asphalt, brick or wooden blocks and is equally as satisfactory. Walter Loneragan of this city, who is with the Barrett Manufacturing company, who control the production of Tarvia in the United States, yesterday told something of the character of Tarvia pavements and said that more than eighty miles of the pavement is now in use in Chicago.

Mr. Loneragan said: "The Barrett Manufacturing company, which controls the production of Tarvia in this country, is a concern with a capital of \$20,000,000 and of course does an immense business. A Tarvia pavement is of the monolithic type. First a concrete foundation of crushed stone and cement is laid and then upon this is placed several inches of two and one-half inch stone. Over this is poured a mixture of Tarvia which is composed of tar and some other ingredients. This is done after the stone has been thoroughly rolled. Then smaller pieces of stone are placed in the interstices, and another dressing of Tarvia is given, followed by the rolling process. Finally chat, which is crushed stone or granite about the size of cracked corn, is spread over the surface. A pavement of this kind does not cost as much as brick, wood or asphalt and is wholly satisfactory. It is impervious to water and is not affected by the gases from manure. Contractors lay it and give the same guarantee that is made with asphalt, that is for a period of five years. When it comes to matter of repairs no special skill is required and absolutely no unusual equipment is needed. Crushed stone and a bucket of the Tarvia preparation are all that are needed for repair work except the tools to work with. There are nearly one hundred miles of the pavement in Chicago and most of it has been in use for about eleven years. In St. Louis there are many miles of it and in Memphis, Tenn., 33 miles. In this state Effingham, Carbondale and Murphysboro are among the cities which are using it."

When asked if Tarvia is satisfactory for retopping worn and rough brick pavements, Mr. Loneragan said that it would be if the foundation would hold up. He said that a worn brick pavement on a concrete foundation could be surfaced all right with Tarvia or asphalt but if the brick was not on a concrete foundation that the results were not likely to be all that would be desired.

John D. Cohn, who was east a few weeks ago, said last night that he had seen quite a lot of the Tarvia pavement in Richmond, Va., and that it seemed to be giving the best of satisfaction there.

SUNDAY SCHOOL PICNIC.

Yesterday three Sunday schools of Concord had a delightful gathering at Nichols park and all was a complete success. The Sunday school of the Christian church was the host of the occasion and with true brotherly feeling invited the schools of the M. P. and M. E. churches to join them. Some came by auto and some drove, while the greater part came by train and all brought well filled baskets, the contents of which were deposited on the tables prepared by the park for that especial purpose. A goodly number from all the schools attended and all reported a delightful time. The children enjoyed the swings and various articles on the playground and the others enjoyed boating and other forms of amusement and all dispersed in time for the train home voting the day most enjoyable.

AN OLD TIME PAPER.

Mrs. D. R. Wooster has sent the Journal a copy of an old time newspaper, the Newark Advocate, of April 19, 1851. One of the first items to attract attention is an article relative to a runaway slave in which the infamous fugitive slave law is set up as an argument. An article on Gen. Scott's Americanism shows how politics figured in those far away days. Nearly an entire page is devoted to the publishing of a school law. James Buchanan is endorsed for candidate for president subject to the will of the national convention. A lecture by the immortal John B. Gough is announced. A Boston judge is extolled for returning to his master a runaway slave who was taken back to Georgia. Many other items of interest appear.

PURCHASED READ PROPERTY.
Frank Read, Jr., who left yesterday for Oklahoma to become superintendent of the State School for the Deaf, sold his home property on West Lafayette avenue to Walter Patterson, living five miles northwest of Jacksonville. It is understood that the purchase price was \$4500 and that the property was bought by Mr. Patterson for his mother, Mrs. William Patterson.

BERLIN TEAM TO PLAY FRANKLIN.

Those who attend the Franklin picnic today will be entertained by a baseball game between the team of that place and the nine from New Berlin. Haffler will pitch for Berlin and Needham will catch. The batteries for Franklin will be McMannus and Loneragan.

HARRY OAKES SAID TO HAVE SHARE IN BIG CLEAN-UP ON CORN

Bluffs Man Named as One of Trio With Market Profits of \$100,000—Denies Story But Says He Had Some Corn.

St. Louis, Mo., Aug. 12.—Oscar Lamy, William T. Hill and Harry Oakes, all of Bluff City, Ill., have made nearly \$100,000 on their holdings of corn as a result of the rise in the price of that commodity, according to current reports on the floor of the St. Louis Merchants Exchange.

The three men have been working together and their profit is the largest made in corn in the St. Louis market this season. Many St. Louis grain men it is said have lost by getting on the wrong side of the market. The three men from Bluff City bought corn for the rise last May.

In response to a telephone call from the Journal office last night Harry Oakes, talking from his home in Bluffs, said that the dispatch above was in error. Mr. Oakes said that his name must have been mixed up with some other persons for he said that he had never heard of Mr. Lamy or Mr. Hill. He admitted however that he had made some profits because of the increased price of corn but said that the sum did not approach what his share of \$100,000 earnings would have been. Mr. Oakes does not have an office, but buys grain in both Chicago and St. Louis and is accounted a very successful man. He owns a large tract of land near Bluffs and farms on an extensive scale.

WRITES OF SITUATION

S. R. Mitchell, an officer on the battleship Louisiana tells of the increased seriousness of the Mexican situation in a letter to his sister, Miss Nana Mitchell of West College street. Although American ships have been in Mexican water some time, it is only recently that the United States sailors have been required to patrol the shore. This patrol work at night, Mr. Mitchell describes as especially dangerous on account of the treacherous nature of the Mexicans.

The heat in the harbor of Vera Cruz, where the Louisiana is stationed, he states, is intense, the sailors being unable to live in their quarters below and eating and sleeping on the decks.
